

JOB DESCRIPTION

ROLE: APPLICATION SUPPORT ENGINEER

LOCATION: LONDON (HYBRID)

SALARY: £35,000 - £40,000

ABOUT US_

At Talon, we provide our clients with world class service, technology, and collaboration to create exceptional OOH campaigns that deliver measurable results.

In our first 10 years, our desire to offer intelligent, creative, technology-led OOH solutions and a full-service OOH offering saw us grow into a team of over 230 people located in key cities across the globe.

We're passionate about OOH and are on a mission to drive the growth of this sector within the media industry – changing perceptions of it as a legacy medium to one that is highly effective, creative, sustainable, and measurable for our clients.

OUR VALUES AND HOW WE WORK TOGETHER_

WE ARE BOLD_	WE ARE HUMAN_	WE ARE SMART_
<p>As industry provocateurs and pioneers, we respectfully challenge the status quo, take pride in our people, big ideas and partnerships</p> <ul style="list-style-type: none">• We embrace change• We challenge respectfully• We lead the way	<p>We are a diverse collective of changemakers who value respect, fairness, and integrity and expect the same in return</p> <ul style="list-style-type: none">• We value collaboration and togetherness• We are empathetic• We embrace individuality	<p>Our trailblazing spirit and learning centric culture ensures our knowledge provides maximum value to each other and our clients</p> <ul style="list-style-type: none">• We grow and learn• We are trusted• We are mission possible

THE ROLE_

As an Application Support Engineer, you'll be required to provide technical and functional support to an evolving application stack at Talon Outdoor. In this role you'll work closely with Business and technical teams to identify the areas for improvement and driving out inefficiency in the process.

RESPONSIBILITIES AND RELATIONSHIPS_

- Provide 1st/2nd line application support to local and overseas users on the core business systems.
- Act as bridge between business developers to collect requirement build solutions for the business problems.
- Actively involved in design, build and maintenance of applications hosted on premise and Cloud.
- Develop and maintain automation for the operation of new and existing applications.
- Follow and create documented processes and procedures for carrying out application support.
- Liaise with onsite/offshore teams to remove impediments and diagnose/prevent incidents.
- Pro-actively monitoring and troubleshooting the applications and ensuring any necessary action is taken to maintain a good service.
- keen desire to learn & continuously develop your technical skills.
- Be part of the global company (UK, US etc.).
- Champion sustainability and advocate the value of positive social and environmental impact within your team.
- Participate in projects and initiatives which drive Talon's commitment to positive social and environmental causes. E.g., charity partnerships, volunteering, carbon offsetting etc.
